CHIROPRACTIC INFORMED CONSENT TO TREAT

I hereby request and consent to the performance of chiropractic procedures, including various modes of physiotherapy, diagnostic x-rays, and any supportive therapies on me (or on the patient named below, for whom I am legally responsible) by the doctor of chiropractic indicated below and/or other licensed doctors of chiropractic and support staff who now or in the future treat me while employed by, working or associated with or serving as back-up for the doctor of chiropractic named below, including those working at the clinic or office listed below or any other office or clinic, whether signatories to this form or not.

I have had an opportunity to discuss with the doctor of chiropractic named below and/or with other office or clinic personnel the nature and purpose of chiropractic adjustments and procedures.

I understand and I am informed that, as is with all Healthcare treatments, results are not guaranteed and there is no promise to cure. I further understand and I am informed that, as is with all Healthcare treatments, in the practice of chiropractic there are some risks to treatment, including, but not limited to, muscle spasms for short periods of time, aggravating and/or temporary increase in symptoms, lack in improvement of symptoms, fractures, disc injuries, strokes, dislocations and sprains. I do not expect the doctor to be able to anticipate and explain all risks and complications, and I wish to rely on the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known, is in my best interests.

Vertebral Subluxation: A misalignment of one or more of the 24 vertebra in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do not offer to diagnose or treat any disease. We only offer to diagnose either vertebral subluxations or neuro-musculoskeletal conditions. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of another health care provider.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I further understand that Chiropractic adjustments and supportive treatment is designed to reduce and/or correct subluxations allowing the body to return to improved health. It can also alleviate certain symptoms through a conservative approach with hopes to avoid more invasive procedures. However, like all other health modalities, results are not guaranteed and there is no promise to cure. Accordingly, I understand that all payment(s) for treatment(s) are final and no refunds will be issued. However, prorated fees for unused, prepaid treatments will be refunded if you wish to cancel the treatment.

I further understand that there are treatment options available for my condition other than chiropractic procedures. These treatment options include, but not limited self-administered, over the counter analgesics and rest; medical care with prescription drugs such as anti-inflammatories, muscle relaxants and painkillers; physical therapy; steroid injections; bracing; and surgery. I understand and have been informed that I have the right to a second opinion and secure other opinions if I have concerns as to the nature of my symptoms and treatment options.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above-named procedures. I intend this consent to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.
